Essay

Please submit a **two-page** essay with your application (single space, 12 font). Your essay should cover the following topics: Why do you feel Bermuda Program is valuable to your career development? What do you hope to get out of the experience?

Bermuda Program Questionnaire

If you need more space to answer the following questions, please feel free to attach a separate document. All applicants must fill out the questionnaire.

1. What scientific topics at BIOS are you interested in? (You may need to spend some time looking at the research section of the BIOS website www.bios.edu)

2. What type of lab and field experience do you have in science (if any)?

3. Describe a time when you went beyond someone's expectations to complete a task.

4. Give an example of when you identified a problem with a process and what steps you took to improve it.

5. How do you react when faced with many hurdles while trying to achieve a goal?

6. Describe a situation in which you had to work well with others.

7. At times you may be asked to do many things at once. How would you decide what is most important and why?

8. Is there a specific scientist at BIOS that you would like to work with?

9. What is your availability for the summer of 2022 (May-September)?

10. Do you have any other training that you would like to tell us about (SCUBA certifications, science diving experience, etc.)?

11. How did you hear about the Bermuda Program at BIOS?
