

U.K. Associates of BIOS Internship

Bermuda Institute of Ocean Sciences (BIOS) U.K. Associates of BIOS Internship

Undergraduate and graduate students enrolled in U.K. universities or colleges are eligible to apply.

The internship is for 12 consecutive weeks.

Applications are due by May 1.

Thanks to the generosity of AXA XL through the U.K. Associates of BIOS, this Internship covers the cost of campus accommodation and meals. It also includes a small student stipend plus a contribution to expenses associated with the intern's research project. Travel expenses and medical/travel insurance are not covered.

For application instructions and more information on the Internship visit:
